Foot and Palm Switch IP67/IP69K

The highly visible Foot & Palm Switch is made with of durable materials that can withstand high pressure cleaning. The large operating surface enable the user to operate the switch with either the foot, palm, or elbow, thus allowing a quicker response time.

The Foot & Palm Operator is ideally suited for clean environments that require regular intensive cleaning like the Food and Beverage Industry or wherever an emergency shutdown may be required.

The Foot and Palm switch is available with the following options;

- Red or Black Operator,
- Momentary (spring return) or latched (reset by pulling) operation,
- Yellow/Black or white/black enclosure
- Can be fitted with a maximum of 3 contacts either normally open or normally closed.
